

Part Number: PL-FOPPSL24

Product Description:

-LC, Duplex / SC, Simplex Patch Panel, Sliding Type, 24 Port

-Fiber-Mart 19" ODF rack mount can be installed on standard 19" racks and currently being widely used in optical fiber distribution frames.

Features:

- Good uniformity and low insertion loss
- Low polarization dependent loss
- Excellent Environmental Stability
- Excellent Mechanical
- Suability Telcordia GR-1221 and GR-1209

Applications:

- Fiber to The Point(FTTX)
- Fiber to The Home (FTTH)
- Passive Optical Networks (PON)
- Local Area Networks (LAN)
- Cable Television(CATV)
- Test Equipment

Technical Specifications:

Environment temperature	-25°Cæ~+45°Cæ
Relative humidity	≤word 85% (30°Cæ).
Atmosphere pressure	70-106KPa
Insulated Resistance	≥32x 10MΩ/500V (DC)
Intensity	≤15KV(DC)/1 minnow spark-over and no flying arc
Fiber bending radium guaranteed more than 40mm	≥40mm.
