standard

Planet structure Cabling Systems Inc. is a global provider company located in Canada, Montreal specialized for reliable networking products. We committed to provide first-class solutions for structured Copper cabling systems, fiber-optic solutions, as well as the network cabinet to a wide range of telecommunication service.

The Manufacture was launched to the market in year 2008 ensuring the latest innovation and standards compliance, reliability and product availability focusing on system performance with a 25 years product warranty.

Planet has the complete product portfolio, including patch cords, patch panels, outlets, keystones and workstation components for Category 5e, Category 6, Category 6A Category 7, Category 8, fiber optic based structured cabling systems and Data Center Solution.

Moreover, All Planet products and systems are certified with complete network solutions that are efficient, cost-effective cutting-edge and use high-tech with ISO9001, CE, RoHs and many quality Certificates.

Moreover, All Planet products and systems are certified with complete network solutions that are efficient, cost-effective cutting-edge and use high-tech with ISO9001, CE, RoHs and many quality Certificates.

Planet is expanding today to exceed the demands of tomorrow that is why we enjoyed formidable growth by having a regional office in Dubai in the United Arab Emirates to present all Planet products in MENA.

Your Professional Partner for Structured Cabling Systems

Integrated Strength of Manufacture & System Integration

Planet has over 15-year experience in developing and manufacturing of data cabling products. With our excellent knowhow about the network market, the high-speed data communication applications and the latest technology we make sure that our customer get the best support to obtain customized solutions. With this strength, also the complete product range for data communication cabling use, these keeping us in the leading edge over worldwide market. Till today our engaged and certified team has successfully completed hundreds of complex network projects all over the world.

Quality & Service

Planet has dedicated teams responsible for internal quality monitoring and systemic product upgrading,

customer satisfaction, as well as technical support and service maintenance.

All products are verified upon receipt of raw materials and are constantly monitored until the production process is finished. Based on the latest international standards, our team of experts and future oriented technology, we are able to build up a complete quality and service policy and that is why we can keep our promise of the best possible performance.

25 years System Warranty Policy

All copper and fibre optic cable systems supplied by Planet and installed and tested by a Planet authorized installer in accordance with the Planet Structure Cabling Systems Installation Manual, can be covered with a 25-year warranty. Planet has a complete channel program, including distributor authorization, installer trainings, warranty extension, marketing & technical service, global strategy and information exchange. This combines our strengths and helps us to achieve our global sales goals as well as the prosperity of our partners in the cabling business.
